

who's your ONE?

Imagine if every believer could answer that question with a name the Lord has put on their heart. That's the intention behind Who's Your One. We believe everyone should experience the new life God offers through Jesus Christ.

We want to help you learn ways to reach your ONE. How To Reach Your One sessions will be offered on Wednesday evenings and Sunday mornings. These sessions will give you the tools and confidence needed to share your faith with others.
